Roles

Roles Exclusions

ROLE	ACTIVE
No roles assigned	

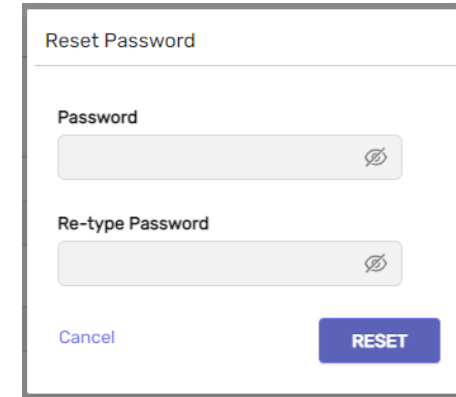

- All mandatory fields are marked with (*) those require user input
- Click on 'Add Role' to add role to the user.
- All available roles based on client type will be shown in the list of values
- Exclusions tab provided to limit the functionalities under a specific role
- Start date of the user can be from current date or any date in future.
- User access can be revoked by giving an end date
- Once user is created and saved, confirmation message will be displayed

USER MANAGEMENT

How to reset Password?

Click on Reset
password

A modal dialog box titled 'Reset Password'. It contains two text input fields. The first field is labeled 'Password' and the second is labeled 'Re-type Password'. Both fields have a small eye icon to their right, indicating a toggle for password visibility. At the bottom left of the dialog is a 'Cancel' link, and at the bottom right is a blue 'RESET' button.

- Search user and click on password reset
- Password reset window opens
- Enter and reenter the password and click on Reset.
- Password will be reset and confirmation message comes on screen

USER MANAGEMENT

How to Exclude functions from the role?

Roles

Roles [Exclusions](#)

ROLE		FUNCTIONS	EXCLUSIONS
System Admin			
Billing Admin			

- Click on exclusions tab under a user record
- All roles assigned to the user are displayed
- Click on a role name, which populates the functions under that role

Roles

Roles [Exclusions](#)

ROLE		FUNCTIONS	EXCLUSIONS
System Admin		→ Run Reports	No exclusions
Billing Admin		→ Generate Billing On Customer PO	
		→ Receive Notifications	
		→ Review Invoice Status	
		→ Review Claim Notifications	

- Select the function that needs to be excluded for the users in the assigned role, so that the function will move into exclusions block to the right

Thank You
